Christmas Edition To Be Issued Early

This newspaper's traditional Christmas issue will be delivered to subscribers next week.

News material for the issue must be in by 3 p.m. Monday.

The paper will be delivered on Tuesday instead of Thursday so that it may be a part of the Christmas celebration at your home.

As it has been for years, the story of the coming of the Christ Child is related in news stories and sidebar stories presented as it might have been if there were modern newspapers and wire services 1963 years ago.

Additional copies may be ordered at 10c each or a gift subscription to a friend, relative or neighbor will start with the traditional issue if you call our office this week. The number is 469-0101.

HO! HO! HO! — Santa Claus and Golden Avenue School children get together for a pre-Christmas talk. The children, from the 3rd, 4th, 5th and 6th grades, made the decorations,used for the tree on the plaza near Golden avenue.

Little Aid Given Sewer Squawkers

SAN DIEGO (CNS) — Protests against the method of assessing charges for the most expensive sewer job in the history of the county brought only a few changes Monday by the Board of Supervisors.

The supervisors last week ordered a review of the assessments to see what costs would be divided if the method were changed from a "per building lot" method to a "front footage" basis.

Warren A. Barney, director of special district services, told the supervisors that upon review of the Kenwood dr. section his department had changed the method of assessing.

The change resulted in an increased assessment to the Trinity Presbyterian Church and a decrease for private homeowners across the street after the method was changed to an "area" or square footage basis.

After reviewing the Loma Rancho, Creht and, Vista drives and Lamar st. areas, the supervisors made only minor changes as recommended by Barney.

The dispute arose when the unusually high bid for the job sent the cost per unit higher than ever before on county records. The first estimates for the project were made on a front footage basis, but the ultimate assesment was made on a per building site basis with the one exception already mentioned. This brought a storm of protests.

The supervisors overruled the protests and spread the assesements which now range as high a $1,070 per site.

High Schools Give Holiday Programs

Christmas programs are to be presented Thursday, Dec. 19, at four local high schools.

Grossmont High School will present a Christmas pageant at 8 p.m. in the school gymnasium. It will be under the direction of Thomas Hodge, Donald Hubler and Carl Thompson.

El Capitan High School's choir under the direction of Mrs. Angela Marshall will present a Christmas concert in the school gymnasium at 7:30 p.m.

Granite Hills High School's choir under Ray Murphy and concert band under William Ellett will present a Christmas festival at 8 p.m. in the gymnasium.

At Monte Vista High the Thursday concert will be at 7:30 p.m. The concert band is directed by Larry Curtis, dancers are directed by Mrs. Dorothy Finney and the choir is under the direction of Chester Slagley. The Christmas program will be repeated for a school assembly the following day.

CASTEEL GETS 3RD OPERATION

George Gasteel, 7553 Central ave., Lemon Grove, has undergone his third operation in a two-weeks period at Grossmont hospital.

In spite of the number and severity of the operations, he is expected to be able to come home during the weekend.

Gasteel, 80 years of age, is a realtor, investor, developer and civic leader. He was among those who laid out Broadway in Lemon Grove at the time when Broadway's eastern terminus was at the railroad tracks.

He also developed some of the town's first subdivision.

DONOVAN VISITS LEMON GROVE AFTER HOSPITAL RELEASE

Assemblyman Dick Donovan was a surprise visitor to Lemon Grove Friday.

He was released from Mercy Hospital only two days previously following an operation to reduce the pressure of an artery in the covering of his brain.

Outside of looking pale, Donovan was spry and alert and "ready for the fray".

"I'll have to spend now 'til Christmas answering the hundred of cards and acknowledging the scores of flower gifts," he said.

He spent a half hour at the office of this newspapes.

Santa's Mail Bag

Christmas time is a busy letter-writing time for adults and also for children. The children have one very important letter to write and it is to Santa.

The letters received by the post office can be turned over to local papers. In addition a card from Santa is sent by the post office to the children when there is a return address on the letters.

Here are a few of the current letter to Santa.

Santa Coming To Casa d' Oro

Santa Claus is headed for Casa de Oro this week.

He'll show up at the Casa de Oro plaza at 7:30 Saturday evening with his bag full of goddies.

He'll distribute candy and gifts to youngsters who visit with him. What's more, he'll sing, if he is asked, according to Foster Willet president of the C d' O Chamber of Commerce. The chamber is sponsoring the event.

CANDY CANES, GIFTS ARE ON SAN MIGUEL PTA PROGRAM FRIDAY

The San Miguel PTA is assisting in plans for Christmas parties to be held in the school rooms Friday. Candy canes will be distributed and gifts will be exchanged.

Extending good will and the Christmas spirit to others is followed by the PTA as they "adopt" a family for the holiday season. Health and Welfare chairman. Mrs. D. Quinn, is in charge.

Youth Placement Office Open During Holidays

The Youth Placement Office, serving the seven high schools in the Grossmont Union School District, will be open all during the Christmas vacation. Anyone interested in employing student help, full-time, or part-time may call Mrs. Harding, 465-3131, Ext. 218, between 8 a.m. and 4:30 p.m., Monday through Friday.

County To Add Ten New Jobs

SAN DIEGO (CNS) — The Board of Supervisors Tuesday approved the addition of 10 new jobs to the county payroll to take care of automation, flower care, find welfare recipients jobs and to find out how many people live in the county.

Three of the new jobs are for the County Auditor's office to help speed up automation. Three systems analyst jobs approved by the supervisors will cost about $10,800 for the balance of the fiscal year.

Five of the jobs are for the Welfare Department to meet staffing requirements for new state legislation. These positions were included within the 1963-64 budget, but met the most opposition from board members.

Homer Detrich, welfare director, said that these people would help interview welfare recipients for jobs and job placement, perhaps in work programs set up by the county in such places as the county hospital.

One of the jobs was aimed at keeping the county's population information up to date and will cost the county about $5,000 a year.

The job of providing flower care will cost the county about $5,000 a year.

In the recommendation for the systems analysts, T. M. Heggland, chief administrative officer, said that the new jobs were needed to help speed up the automation process in the county.

It now takes the county about four years to set up a system from the time it is requested by a department and put into production, he estimated.

Welfare Patrons May Get Birth Control Information

SAN DIEGO (CNS) — The Board of Supervisors took under advisement Tuesday a proposal to dispense birth control information as a part of the public health program until the county counsel advises them on the state law on the subject.

Supervisor DeGraff Austin asked the county counsel's office to review existing state legislation on the subject to see if they have the authority to give the information. Austin told County News Service that he favored giving the material to anyone who asked for it.

The supervisors were considering a recommendation of the County Board of Public Welfare. William Brotherton, board chairman, submitted the recommendation by letter that "planned parenthood information and services should be available for voluntary use by individuals according to conscience as an integral part of public health programs in the County of San Diego."

Austin said that this proposal would not cost the county anything because the information would be made available through volunteer groups.

St. John Of The Cross School Band In Concert

St. John of the Cross school band will be in the all-city parochial School Band Christmas Concert Friday, at 8:00 p.m. in More Hall, Alcala Park. Besides the familiar Christmas songs the program will include Victor Herbert's "Toyland" "Grandfather's Clock" and a novelty arrangement of "This Old Man" in thee suits taking the familiar tune in standard march time through a waltz tempo and ending in a bright cha-cha rhythm using many Latin percussion instruments.

Telephone Books Being Delivered

Pacific Telephone has begun delivering its 1964 Telephone Directory and expects to complete the big job two days before Christmas.

S. K. Emery, division commercial manager for the company, said that 448,000 directories will be distributed in San Diego Company. "This is an increase of over 6,178 over the last year," he pointed out.

The job of delivering these directories will require 500 people, he said.

Delivery in the Lemon Grove-Spring Valley area began Tuesday and all deliveries are to be completed on Dec. 23.

The cover of the directory features a full color photograph of the dome of the 200-inch Hale Telescope-Palomar Observatory. This is the sixth cover in recent years to feature a prominent San Diego County scene.

Water Problem Solution Must Come In 10 Years Griffen Tells Men's Club

The outlook for water in San Diego isn't as dismal as present activities suggest, Harry Griffen told the Men's Club Friday.

Griffen, who is chairman of the board of the Helix Irrigation District, and a member of the board of the County Water Authority said that San Diegans had about ten years to decide what needs to be done to avert an undersupply.

"The Pacific Southwest Water Plan in which Feather River water would be brought to a point below the Tehachapi Mountains north of Los Angeles, contemplates two branches. The west branch would serve the Los Angeles area. The east branch, running several hundred miles longer would empty into the Perris Reservoir and serve San Diego and inland districts. It has been suggested that the east branch be delayed," Griffen said.

"The proposal is expensive but it must be built to assure adequaet water supply to burgeoning San Diego county," he said. Inland water districts have about 10 years time to build enough faulities to supplement water we will lose from the Colorado River.

"The Colorado River supply will eventually be able to supply only about ½ of San Diego's need when all of the priorities are exercised.

The cost of water will rise, he admitted. Feather River water will cost $40 an acre foot at Perris. Colorado River water being dumped there now costs $20 an acre foot.

The explanation of the water situation in California was explained more lucidly by Griffen than it had ever been done in the Men's Club before, said Jack Cummings, president of the group.

The meeting this week will be provided by Don Keller, County District attorney, who will discuss county welfare.

The club meets at Michael's every Friday at noon and men of the community are invited.

A Note of Apology

Recently we published a picture in this newspaper which brought a question of doubt as to the integrity of one of the subjects in the photograph.

The material was published through misunderstanding and mistake on the part of this newspaper.

While the subject was not identified by name, it was Mrs. Jack Thompson, a teacher, who lives at 5444 Ivy st., Spring Valley.

Mrs. Thompson is a competent teacher of high moral and ethical standards and we do not wish to convey the impression that any condition to the contrary exists.

We wish to apologize for any embarrassment caused Mrs. Thompson as a result of the material, with her students or anyone else, and to assure readers that Mrs. Thompson is a fine lady, a splendid teacher and a person of outstanding honesty and integrity.

Close Bids On College Is a Good Sign

The governing board of the Grossmont Junior College is being sued following the awarding of the bid to build the $5 million college and a decision will be handed down in court December 23rd.

Let it first be known that a suit doesn't make anybody guilty · · · and that anyone may sue anyone else.

The facts are that one set of contractors presented the lower base bid of two.

The college board decided that some other items were necessary to the proper operation of the school. These items were listed as additives and had been bid by both contractors. The contractors with the lower bid base were now higher and they lost the contract.

The board was split 3-2 with Robert Dryden leading the majority.

We think the Dryden group was right in its position. The

The ceremony took place in the New Jesrusalem church at the corner of Campus and Tyler.

The couple will reside in San Diego after Dec. 23. Mr. Beddoe, 72, is the brother of Mrs. Randolph Morse of Golden ave., Lemon Grove.

CHARGERS TO HONOR L.G.-S.V. FANS

Lemon Grove-Spring Valley area will be honored by the Chargers Sunday at Balboa Stadium when the team plays Denver.

Tickets are being distributed locally by service club members and the Chambers of Commerce.

The game will be the last of the regular season.

Buckles Returns To Job After Hospitalization

Charles Buckles, operator of the L.G. Dairy Queen, returned to work Monday "for about an hour a day" he said this week.

He has been at home six weeks with an inflamation of the heart lining. Three weeks were spent in the hospital.

'Drive For Safe Holiday' Spearheaded By Local Pair

Motorists of Lemon Grove and Spring Valley were being urged to "Drive For A Safe Holiday" by following six driving tips this Christmas season.

Don Johns, manager of the Lemon Grove B. F. Goodrich store, and Pat Grace, general manager of the Spears Ford Company, are endorsing a "Drive For A Safe Holiday" program in cooperation with the Auto Industries Highway Safety Committee, which is being sponsored by the Lemon Grove Chamber of Commerce.

Letters were sent by the pair to car owners in Lemon Grove and Spring Valley this week offering these six tips for holiday (and year-around) driving:

Allow enough time. Short trip or long, allow enough time to avoid feeling rushed. On long trips make frequent stops. Arrive relaxed.

Have your car checked. Drive with good tires and properly adjusted brakes. Make sure lights turn-signals and windshield wipers function properly.

Use seat belts. They help save lives, prevent injuries. Seconds will buckle a belt; a flick of the wrist will release it. Use them whenever and wherever you drive or ride.

Be alert to hazards. Adjust your driving to road traffic and weather conditions. Give yourself and others an extra margin of safety.

Use courtesy abundantly. Everywhere at intersections. while passing or being passed, at night when your headlights are on high beam - "Make Courtesy Your Code of the Road." It Pays!

Follow the hules of the road. Sings, signals and road markings are your guides to a safe, enjoyable drive around town or on a trip.

Family Should Be Told

Both Grace and Johns suggest that each person receiving the letter discuss the driving suggestions with family and friends. "While many motorists feel it's especially important to be conscientious whie driving on long trips, it's just as important to be safety-minded during a trip around town. Studies show three of four traffic deaths take place within 25 miles of home and one-half of serious accidents happen at speeds of 40 miles and hour or less."

They added, "By assuming peronal responsibility for his actions behind the wheel, a driver can help assure a safe and enjoyable Christmas season for himself, his family and other drivers on our streets and highways.

The men said that a free brake, lights, wheel alignment, and muffler clinic will be conducted early next year as part of the continuing program on safety.

Local Sewers Go On Teevee

SAN DIEGA (CNS) — The Lemon Grove and Spring Valley Sanitation Districts are going on television, but the audience is going to be pretty restricted.

Only the repairmen will get the video-eye-view of the inside of some of the districts' sewer lines.

District directors approved the use Monday of a television apparatus to trace down leaks in sewer lines.

Members of the Board of Supervisors sitting as district directors approved spending up to $6,000 in the Lemon Grove District and $4,490 in the Spring Valley district with the Tele-Hydro-seal company.

The company will provide the equipment to use the video tube to find the leak and then seal the leak from inside with a compound, according to Warren A. Barney, director of special district services.

Barney said the system avoids the old problem of diggin up an entire street to find the leaks.

NAMED PREXY — Glenn E. Murdock, superintendent of the La Mesa-Spring Valley School District, was elected President of the California Association of School Administrators this past week Mr. Murdock will assume his official duties January 1 when he is sworn into office.

Water Expert Says Regional Approach Best Way for Here

The Helix Irrigation District directors were told last week that a regional approach is the best way to insure Southern California's future water supplies.

The regional approach was urged by W. G. Sloan, one of the developers of the Missouri Valley reclamation project.

Sloan, who is now representing Helix on the County Water Authority board, said California water agencies should work as soon as possible for an interstate program. He said the program to develope the southwest should be similar to the Missouri Valley project.

Christian Church Youth Offers 'Story Beautiful'

The Lemon Grove Christian Church Youth Groups will present a pagant of the Nativity - The Story Beautiful - at the Masonic Temple 2590 Main st., in Lemon Grove.

The young people will carry the audience through legend, scripture and song to the night long ago when the "infant was born in Bethlehem of Judaea."

Christian Science Service To Explain Birth of Jesus

The virgin birth of Christ Jesus will be explained in this Sunday's Bible Lesson at all Christian Science churches.

Readings from the Bible will include the angel's message to Mary: "The Holy Ghost shall come upon thee, and the power of the Highest shall overshadow thee: therefore also that holy thing which shall be born of thee shall be called the Son of God" (Luke 1:35).

From the Christian Science textbook, these lines will be read: "The illumination of Mary's spiritual sense put to silence material law and its order of generation, and brought forth her child by the revelation of Truth, demonstrating God as the Father of men" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 29).

The Lesson-Sermon is entitled: "Is the Universe, Including Man, Evolved by Atomic Force?"

American Legion Auxiliary Plans Children's Party

Members of the Chula Vista unit of the American Legion Auxiliary plan to make their annual trip to Rodondo Valley on Sunday to hold a party at the school there.

Rodondo Valley is in the mountains 22 miles out of Tia Juana.

Some of the 42 children live so far from the school that they have to leave home as early at 5 a.m. to walk to school, said Mrs. George Gerdts, auxiliary member.

Lunch will be served and there will be a Christmas tree and gifts for the children.

Since there is no electricity there, a portable generator is taken along so that cartoons can be shown to the children, Mrs. Gerdts said.

German Club Now At Mount Miguel

The dragon's rear again as Mount Miguel's German club, "Die Drachen," is one again activated.

Dormant last year because of an attempt to combine all languages into one club, German students met recently to organize their own club again.

Elected as president at the meeting was Kristin Eckert, a Mount Miguel junior who has twice visited Germany. Vice-president will be Shari Nelsen. Serving as secretary-treasurer is Marilyn Hass. Mike Hall will represent "the dragons" in the Inter-Club Council.

At the December 3 meeting, Kristin showed slides taken during her trips to Germany. Students were also able to see on-the-scene shots taken along the Berlin wall. They also visited Bavaria and saw the home of Mozart in Austria.

Also participating in the event was Irvine Brings. He presented tape recordings of several German festivals.

Social Security Question Box

By Guy Deeks
Social Security Editor

Q: Do I have to have a socal security card before I start working?

A: For your own protection under Social Secority, you should be prepared to show your card to your employer when you report for work. It will also help your employer to comply with the law in properly reporting your earnings. If you do not have a card, you should contact the San Diego Social Security Office at 3211 Fifth Avenue. They will issue you a card or give you a temporary showing that you have applied for a number.

Q: I am over 65 years old but I have no present plans to retire from my $5,000 a year job. There is no reason for me to apply for Social Security benefits while I am under 72 years of age and earning this much, is there?

A: There is a good reason for applying now even though no benefits could be paid at this time. When you do retire or lose time because of prolonged illness, benefit payments can be started sooner.

"CONSISTENCY"

The Christmas season is again upon us. We are grateful for this season which grips the world of mankind more firmly and delightfully than any other. Christmas has to do with the birth of Christ. This is a good time in which to let our faith express itself consistently with the real meaning of the season. Let Christ be in your Christmas.

SESSION PLANNERS—Dr. Fred Tidwell, executive secretary of San Diego Local 1278, American Federation of Teachers, goes over the state convention program with Bob Yarber (left) and Richard Martin, two of the committee chairmen for the event.

S.D. TEACHERS DRAFT PROGRAM FOR FEDERATION CONVENTION

Officers of San Diego's Local 1278, American Federation of Teachers, are preparing to play hosts to the California State Federation of Teachers when it will hold its annual convention at Vacation Village Dec. 27 to 30.

General arrangements are in charge of Richard N. Martin, Local 1278 president, and Ralph Schloming of Pasadena, executive secretary of the AFT's southern section.

Gladden Boaz, San Diego teacher, is program chairman, while Don Zeilinski is banquet chairman and Robert Yarber, instructor at San Diego State College, is promotion chairman.

Arrangements for plenary sessions of the convention are being handled by James Mullin, and publicity chairman is June M. Mott, Mount Miguel high school inntructor.

Convention speakers will include Hal Shean, grand lodge representative of the International Ansociation of Machinists for this district; Paul Schrade, Region 6 director of the United Automobile Workers; Bradford Snell, Grossmont graduate now at Yale University, and Charles Cogen, president of the New York United Federation of Teachers, Local 2.

Although the event will be primarily a working convention, activities also are being planned for families of delegates.

Two Pipelines Approved

The Helix Irrigation District directors have given tentative approval to two major pipeline projects.

The directors have taken under study a bid of $93,915.70 for an El Cajon Boulevard pipeline project near Golden ave. A $40,510 contract is also under consideration by the district directors. It is for a $108,000 pumping station east of Lakeside near the Chet Harritt filtration plant and dam.

The tentative approval was given at the Dec. 11 meeting of the directors.

Chemistry Lab Holds Mystery for Students

Ever wonder what really goes on in the lab of a high school chemistry class?

These labs have an aura of mystery for the students who are barred from entrance. Hurried glances through doors opened by lab assistants reveal rows of chemicals, test tubes, beakers, microscopes, and balances. Sounds and smells drift into the classroom to tantalize the students, but the mystery remains.

The average lab assistant is pretty much on his own during classtime. He is usually busy preparing chemicals to be used in lab exercises (either by the students or the teacher) or typing, correcting, and recording tests and lab write-ups. Inventory also helps to consume time.

Assistants are forever washing dirty test tubes, grimy petri dishes and feeding hungry animals. Sterilized glassware is always in demand and the assistants are taught to operate the autoclaver, which steams objects as clean as hospital instruments. Students breakage of lab apparatus keeps assistants on their toes replacing the broken articles.

The only real danger in labs are people: Those who either do not know what they are doing or those who fool around. For this reason the teachers and lab assistants are consantly checking each step of the experiments.

Valuable knowledge gained by lab assistants is useful for job applications. Many companies scout for promising young people who can be trained for successful employment. Fields in chemistry include nursing, teaching, pharmaceutical work, biochemistry and technical work. Biological training also prepares for jobs in biophysics, botany, nursing, and zoology.

LETTERS TO THE EDITOR

Dear Editor

This morning my five year old sister entered my room with a pen and paper and asked me to write down what she would say. As first I accepted rather begrudgingly, but as she poured forth her inarticulate but fascinating phrases, I snatched up a notebook in which to copy these childlike poetics . . . instead of the scrap of paper she had offered me. Upon further reflection; I thought you might like to publish it. Here it is:

Love Baby Jesus.
Love Blessed Mother.
Just look how pretty the sky is!
Love everybody.
Bless Joseph.
Pray to Baby Jesus.
How pretty the flower is!
Love the angels.
And bless everyone in the world!
Love the waters,
The waters filled with whales.
All the shells in the ocean are pretty!
Pray for President Kennedy.
And pray for the people that are in crash-ups.
All the people live happily ever after,
Until earthquakes come.
Bless St. Joseph, Blessed Mother and Jesus.

The young poetess is Teresa Savary. I hope you will find room to print this, her first poem. Thank you for your trouble.

Sincerely yours,
Julie Savary

MAIL BAG
Dear Editor:

About a month ago a group of divorcees and their friends decided they didn't want to eat Thanksgiving dinner alone or in a restaurant with their children.

Consequently, on Thanksgiving Day we gathered in the 5000 sq. ft. part of my warehouse that is for rent. Everyone brought food, chairs, drinks and games and had you been there you would have seen a large group of persons of all ages.

The mothers and wives prepared the food and set the tables while the fathers played games with the kids. There was every kind of music from rock 'n' roll to Sweet Adeline and lots of singing.

It was a good old fashioned Thanksgiving.

Don't forget! This newspaper will publish early next week. (See page one).

CHRISTMAS PLANTS SHOULD BE GROOMED

Holly, Pyracantha, Catoneaster and Poinsettias are the plants that we traditionally associate with Christmas.

Poinsettia survives the winter nicely here. Good grooming of Pyracantha shold start after the blooming season by cutting back to heavy wood stock. If you want more foliage and less long defoliated stems, a good practice is to prune again in summer, leaving some of the newer growth to help thicken the foliage. Regular feeding and the use of Iron will help to tone up the color in foliage and blooms.

New growth on Pyracantha and Catoneaster can be pruned away to expose the brilliant berries without harm to the plants.

Sprigs of any of these berried shrubs also can be cut and used as Christmas decorations inside the house. All of these plants are hardy and new growth returns rapidly.

Spray the cut sprigs with an insecticide containing a fatty acid emulsion before bringing them into the house. It will clean them up and put a lasting shine on the foliage.

Vitality Notes

(Editor's note: Following is the first of what may become a regular feature of this newspaper — a question and answer corner conducted by George Redpath, owner and operator of the Redpatch Gym on Troy street in Spring Valley. Questions relating to exercise, nutrition, reducing and health are invited from readers, and the response will determine continuation of the feature.)

Q: What diet is best for reducing?

A: People who diet to reduce usually go through life repeating the process time after time. If one is overweight it should be obvious that the food and activity program needs permanent adjustments. Regular exercise is a must from a health standpoint and, contary to the view often expressed, exercise does tend to normalize bodyweight.

Rather than a drastic diet program, counting calories, etc. why not try making definite changes in the eating pattern? The place to start is breakfast as it is at this point that most overweight individuals make the most serious error.

If one questions these persons as I have been doing for many years it will soon become apparent that a poor breakfast, or none, is the daily habit. Make haste slowly, however, as one cannot make radical changes in the eating habits overnight.

If the protein content of the morning meal is gradually increased an increase in energy will usually follow. Such foods as eggs, chops, fish, etc., fill the bill as do some items in the vegetarian list such as brewers yeast, soy products, etc.

As energy increases one will feel more inclined to exercise and there will usually be much less craving for sweets and in between meal snacks which are such a problem to the correction of overweight.

Good luck!

Helix District Gives Approval To SDG&E Plans

The Helix Irrigation District directors have indicated their approval of San Diego Gas and Electric Co. plans for installing seawater conversion equipment in future steam electric generating plants.

W.G. Sloan, Helix representative on the county Water Authority board of directors, said the equipment could add 25 million gallons of water for domestic consumption.

The Helix District adopted a resolution to support the plan of the gas and electric company testified this week before a when the company testified this week before a state Assembly sub-committee hearing on water development at Fullerton.

added items had been deemed vital by the board. These were parking and walkway lighting and football and track facilities. If these items were necessary, and no one has suggested that they were not, then the board has the responibility to get the job done at the lowest cost to thetaxpayer.

Because the bids were so close that the added facilities difference gave the contract to the other bidder was one of those unfortunate things. But it also suggests that the contractors are getting their bidding right down to the nubbin.

Sadly missing in the bidding was Oral Carpenter, the contractor who built Helix, Mt. Miguel, Monte Vista, El Cajon and El Capitan high schools in the Grossmont District.

If Carpenter had been in the bidding, it probably would have been no contest for the others at all because he had a history of consistently low bids - - - and by a considerable margin, too.

The court will decide whether the contract should properly go to the bidder who got the award in this nip-and-tuck affair but there is no question as to the honesty of the board members. They performed as they were elected to perform.

We are reciting it here because the bidders were so close that they, too, have earned the commendation of those of us who pay the bill.

Who Is That Drinking Driver?

The wonder of it is that he remains free to stalk the roadways of California, dealing death to several persons each day, leaving many more a few unmerciful inches from the death that might have saved a lifetime of pain, twisting and disfiguring scores of others.

Public sufferance permits his continued existence; by your leave does he still dominate the motoring scene, threatening all who venture on the road. The curiosity is — why? Why such staggering indifference to a brutal, senseless killer who last year was involved in or directly responsible for more than 1,500 traffic deaths?

Perhaps because far too many drivers have been cast in this role at one time themselves. Perhaps because the consequences of condemning one drinking driver eventually will mean that all — including you — must be punished.

Yes, it is the drinking driver we speak of here, although the California Highway Patrol and other police agencies have a more descriptive name for him — Public Enemy No. 1

A misnomer? Too dramatic? Hardly. The most infamous criminals in our history never accounted for one-tenth the deaths that can be attributed to the drinking driver in the span of 365 days. The difference is that the drinking driver comes in many forms — male, female, old, young, butcher, baker, candlestick maker.

The drinking driver is so common that we cannot point to a single person and say "He is the one. He killed 1,500 people." But in sum drinking drivers, indeed, are Public Enemy No. 1

This is a grim title. As individuals we shrug it off—even if we have had a few drinks and are about to get behind the wheel. But as soon as wedothis, we, you, anyone begins to fit the description.

Every day, an average of four people die in traffic accidents involving drinking drivers. Shrugging off the image of "Public Enemy" is one thing; shrugging off death quite another. And when death and the image become synonymous—perhaps then it is time to reshape not only our actions, but also our beliefs.

Late Christmas Mailer May Use Air Mail Bargain

"Speaking of bargains," Postmaster Frenchy Faucher says, "we have a real buy, two-thirds cheaper and thousands of times better than it was more than 45 years ago."

On May 15, 1918, when air mail was first officially introduced in America, 6,600 letters were flown from Washington to New York City, about 200 miles, at a minimum cost of 24 cents a letter.

"Today," the Postmaster said, "more than 1.5 billion letters and post cards are sent by air mail annually within the United States. Instead of the two flights a day in 1918 (one from New York to Washington and the other from Washington to New York) air mail is offered 10,000 flights daily now throughout the nation."

Next-day delivery is not at all uncommon for airmail from Lemon Grove and Spring Valley to points 1,000 to 2,000 miles or fore away.

For example, he said, late cards sent from here by air mail can reach Chicago, Detroit or New Orleans the next day.

At the same time, however, it was urged patrons make their mail deposits now to avoid any chance of late delivery, especially for out-of-town mail.

Another good emergency mailing measure - if you mail late despite the postmaster's worning - is air parcel post, which moves at the same speed as airmail letters.

The cost of air parcel post is surprisingly modest. Sending parcels weighing more than one pound by air is frequently cheaper than using first class.

FOREMAN'S JOB OPEN FOR COUNTY RESIDENT

The County Public Works Department is seeking a utility senior foreman to coordinate and supervise structural maintenance and minor construction of County buildings and facilities.

Applications will be accepted until 5 p.m. Dec. 20 at the County Civil Service Department. The job pays $616 to $749 a month.

WHAT'S DOING

One of today's most familiar Christmas sights came into being for a very good reason.

Many years ago, a child upset a candle on the Christmas tree of Ralph E. Morris, a telephone man in Boston, Mass. Fortunately, Morris was able to smother the flame and save the child from injury. But he decided right then that candles had to go.

Next day, he bought a handful of switchboard-type lamps. Then, working evenings at home, Morris soldered the little lights to a pair of wires. The result: the first electric lights for a Christmas tree—an idea that made holidays safer for everyone.

If you need a special gift for a friend or the family, please call your Service Representative of 466-3201. Ask her about gift service for the Princess phone. It will make a wonderful gift.

Let's say you're talking on the telephone and you have to interrupt your call for a moment. Did you know that there's a built-in spot on your telephone that'll hold the receiver? Just place it across the back of your table-model phone (as shown at the right). If you have a wall phone, you'll find that the receiver can be hung on either side of the phone by hooking it over a built-in ridge at the top.

* * *

You can save steps while Christmas shopping—if you check the Yellow Pages before you leave home.

* * *

And now, all of us at Pacific Telephone want to wish you the best of this holiday season. We hope that the coming year will be a happy one for you in every way. We've enjoyed serving you during the past year. And, to show our appreciation for the privilege, we'll be working even harder to bring you the best possible service throughout the new year.

FLIGHT BY-THE-POUND TO PAY FOR POWDER-PUFF DERBY EXPENSES HERE

A money - raising event for local participation in the annual Powder Puff Derby will be passenger flights at 2 cents a pound from local airports by the members of the El Cajon Chapter of Ninety Nines on December 29.

Locally, at Gillespie Field, several aircraft firms are contributing the planes and pilots for the event which will be held from 8 a.m. to 5 p.m.

The flights will be of ten minutes duration and only commerically rated pilots will conduct the tours, according to Mrs. Del Gay, of Lemon Grove, co-chairman of the flight project.

Mrs. Gay said that the 1965 Powder Puff Derby will start from Gillespie if sufficien funds can be raised to finance it. The Joint Aviation Committee of the East County Chamber of Commerce is inviting the All Woman's Transcontinental Air Race (Powder Puff Derby) to start locally.

The Ninety Nines is a woman's licensed pilot organization which was strated by Amelia Earhart in 1929.

The planes to be used in the 2 cents-a-pound project will be one or two engine craft with four or more seats.

Women graduates, including those who were graduated by California Western with a recognized baccalaureate or higher degree are now eligible for membership in the association.

The AAUW, an adjunct of the International Federation of University Women, has a national membership of 155,000 members in over 1500 branches located in 50 states, the District of Columbia, and Guam.

The association is presently studying the following subjects, A) The American Family in a Changing World B) Bridging the Gap Between Science and the Layman C) Expectations for Education D) Occident and the Orient, as part of a continuing process of learning.

Cuban Girl Prefers Life At Helix High To School in Cuba

Co-education, cute clothes, and class choice are preferences of Cuban, Maria Bueno, who came to the United States in 1961, and is now attending Helix High School.

Maria, 16, prefers the American school system to the Cuban system. In Cuba she attended an all-girls' school where she had to buy her own books and wear a uniform.

"In Cuba you had to take the subjects given you," Maria said, "but at Helix, though most of my courses are required, I do have some electives."

The grading systems in the two countries are quite different. The semester grade in Cuba is determined by the score on one final test, and not on the work done during the semester.

Maria finds the United States very different in many other ways. Surfing, a popular sport here, is practically impossible in Cuba because of the lack of surf around the island. Another difference is in Cuba each teenage couple must be chaperoned by a parent on dates.

When asked about what she likes best about the United States Maria said, "The Government"

Maria's favorite pastimes include collecting record albums, swimming, and photography. Maria plans to attend junior college and is taking trigonometry, design, and machanical drawing to prepare for a career in architecture.

Roy Snyder Wins Deer Shoot Prize

Las Vegas — Local deer hunter Roy I. Snyder of 8746 Ildica, Spring Valley, returned home, not only with his deer, but with a prize he won by entering the Thunderbird Hotel Deer Hunting Contest.

Placing third in the most points contest, Snyder brought home a new Remington model 1100 autoloading 12-guage shotgun. His deer had 24 points.

The Thunderbird Hotel presented $17,000 in prizes to 25 winning deer hunters.

Wassail Bowl Is Open House Centerpiece

A living Nativity Scene will be one of the attractions at the Open House and Wassail in the tradditional Christmas manner to be held at the John H. Gray home, 2037 Vista Valley Rim Place, El Cajon from 1 to 5 p.m.. Sunday, December 22nd to benefit the American Cancer Society.

Guests will be shown through the large three-story home which is decorated in the Victorian fashion. Each room has a history in its decor, although the house is only a few months old.

The tour of the home will end in the first floor family room where the wassail bowl will be, together with a tall undecorated Christmas tree. Beside the tree will be baskets of hand-made old-fashioned tree decorations. Each guest will be asked to place an ornament on the tree. The fully decorated Christmas tree will be donated to a local orphanage.

LACKLAND AFB, Tex. — Airman William H. Stults, son of Mrs. Helen M. Rudd of 8817 Greenridge, Spring Valley, Calif., is being reassigned to McChord AFB, Wash., for training and duty as an administrative specialist.

Airman Stults recently completed United States Air Force basic military training here.

The airman is a 1962 graduate of Mt. Miguel High School.

Spare Time at Pool Earns Money For Local Student

Being a poolside lifeguard occupies the spare time of Stan Caravano, a senior at Mount Miguel High school.

Stan's parents, Mr. and Mrs. John Caravano of 2515 Sweetwater in Spring Valley, are the owners of the Carman Ranch Club; consequently Stan has served as one of the lifeguards for two years now. One of the qualification for the job is passing a senior lifesaving course.

Stan estimated that he made ten or twelve rescues during his employment at the club. "Most of the people you save," Stan remarked, "don't appreciate it. I think it's because they're too embarrassed."

Besides serving as a lifeguard, Stan is a three-year letterman on the Mount Miguel swimming team and has won six CIF medals.

He has also been a five-year veteran of the Carman Ranch swimming team during which time he recieved two trophies and twenty medals in A.A.U. competition.

Stan plans to continue as a lifeguard as well as a member of the team next year. He hopes to make the team at Pomona College where he will be studying engineering.

"TRY LEMON GROVE FIRST"

Organic Honey Is Feature Of New Health Food Shop

Andy Kerr, a San Diego - Los Angeles honey producer, packer and distributor, has recently opened a health food store in Lemon Grove.

Andy Kerr

The firm, Health Foods, Inc., is located at 7949 Broadway.

Kerr, who has lived in Lemon Grove, at 2046 Berry st., for seven years had a honey producing unit at his home during that time. Kerr raised queen bees and extracted royal jelly for sale to cosmetic firms and individuals. It is reported that the jelly has therapeutic value.

At the Berry street address, Mrs. Lilian Kerr, his mother operates a antique salesroom. She maintains contacts in Scotland and England, who ship antiques to her. She was born in Bristol, England. Her son, Andy, also was born in Bristol and came to this country in 1953 and became a united States citizen in 1959.

Learned At Mt. Miguel

Andy Kerr started in the honey-selling business when he joined a Lemon Grove 4-H group while he was attending Mt. Miguel high school.

He started importing-exporting on an internation basis and expanded to become a handler of much of Southern California's honey production.

Kerr is specalizing in an organic honey, dairy whey and food yeast line to be sold wholesale nationally. He said that already he has inquiries from 13 states although the venture was just started.

Organic honey has a different processing formula that other honey. Bees are kept away from food with fertiler and spravs. The packing method is also different because no acid pads are used to remove the bees from the honey. All the work is done by hand and it takes twice as long to process it than does commercial honey.

Dietary Specialties

Kerr said the Lemon Grove store will specialize in organically grown produce, dietary specialties, and natural organic vitamins. Nuts, seeds and dairy products and his own brand of organic honey are stocked.

A food testing laboratory for testing spray residue on regular produce and the food quality of other food products, is being installed.

Kerr said the firm would operate on a volume basis to keep food prices within the reach of the average consumer.

The store is open from 9 to 6 Monday through Thursday and 9 to 9 Friday and Saturday.

A prize event will be held on Monday with a juicer, a blender and 50 food products to be given away.

Mt. Miguel YFC Honored As Area Club of the Month

Mount Miguel's Youth for Christ (YFC) club recently defeated all other clubs in the San Diego area and was declared "Club of the Month."

As winner of this award, the Miguel organization was presented an inscribed trophy. The Matadors are also in close competition for the attendance trophy which the club won two years ago, but relinguished to Grossmont during this term.

The "Club of the Month" award is given for organization and excellence of club meetings.

The YFC group meets Friday mornings at 7:30 in the choir room and has been averaging 50 to 60 members per meeting. Featured at the weekly gatherings are local singing groups, dynamic speakers, interviews with campus leaders, and skits.

President Don Howarth states, "The object of the club's efforts this year will be to reach the 150 attendance mark of last year, and to instill in the students the necessity of higher values in life.

Sheriff's Aid

Cats Get Reprieve

An impassioned plea in the form of letters to the sheriff's department, the Humane Society, and the Lemon Grove school district concerning shooting and throwing rocks at cats in the area, brought immediate results for Mr. and Mrs. Jesse Kelley of 3935 Quarry lane, L.G.

Four boys ranging in age from 14 to 17 years, were soon picked up and placed in the hands of their parents.

The sheriff's report gave the opinion that the parents were concerned and that is was not likely that the apprenheded youths would be complaint subjects again soon.

Check Charge Made

Kenneth Priest, 7825 North ave., L.G. who operates the Hollywood Beauty shops, told police a sometime employee of his had cashed a forged check for $15 in one of his shops.

Wallet Taken

Carole J. Brewer, 24, of 3551 West st., L.G. told the police her wallet containing $75 was stolen recently from the top of a refrigerator. She named a suspect.

Silver Sprayed

Damage estimated at $70 was done to the auto of Tom. A Menke recently while it was parked in front of 8549 Thunderbird ln.

Camera Is Loot

Glen Edward Whaley, of 3147 Roanld ct., Spring Valley, found his house was entered through a window by a burglar and an Exacta camera and attachments worth $250 were taken. He had been on a two week's trip when he made the discovery.

Piggy Banks Robbed

Three piggy banks with contents estimated at $21 were missing from the home of Terry A. Moss, a Fireman who lives at 1245 Helix st., Spring Valley, he told police last week.

Choir Boy Loses Bike

Mark Swanstrom, 10, of 3115 Longdale dr., L.G. had his bicycle stolen recently while it was parked outside the church while he was inside practicing in the choir.

Hardware Stolen

More than $50 worth of material such as tools and hardware items have been disappearing form the locked shed on the premises of William M. Vail, 7912 Lester st., Lemon Grove, he told officers. He also told them the name of a couple of suspects.

Parts of Auto Gone

Orval Charles Butcher, 1324 Cornwell, Spring Valley, was surprised when he couldn't get his leased car, left parked in front of his house, started recently.

He was even more surprised when he opened the hood and found the carburetor and manifold assembly gone. Loss was set at $150 by the leasing firm.

Chain Saw Missing

Doris L. Watkins of Lockland ct., Spring Valley, told the sheriff's department that a chain saw purchased recently for $158.60 was missing from her home.

Siphoner Scared Away

That gurgling noise Frank Williams heard on Tuesday night wasn't the faucet — it was the sound of a siphon carrying gasoline from his car parked in front of his home at 3836 Harris st., L.G. to a 2-gallon can.

By the time Williams got to the scene, the gas thief had taken off, leaving a hose and can as evidence.

Tires Lost

A 14-ft chain through the wheels with two tires on them didn't keep burglars from stealing them from Robert Sanger, of Sanger Construction. Sanger lives at 3313 Cristobal, Spring Valley. The loss was set at $60.

Loot Is Camera

Camera equipment valued at $160 was taken from the office of the Lemon Grove Junior High school Wednesday, police were told. Part of the loss was a Polaroid camera which was taken during the evening hours.

Between them is E. S. Amazeen, v.p. of the Fund. The picture was taken recently in New York. The Calders still live in San Diego.

A Mt. Miguel Senior Says Boys Should Know Cooking

"All boys should have somein cooking. After completing knowledge of how to cook," says Ray Higbee, Mount Miguel senior, who has been cooking since his junior high school days.

Ray, the son of Mr. and Mrs. Robert F. Higbee of 2206 Central ave., Spring Valley, first became interested in cooking through his grandmother.

He cooked all the meals for his family when he was in junior high. "In fact," he commented, "my mother is almost forgetting how to cook, I do it so often!"

"I don't like to cook by using a recipe book," he said. Because of this, Ray often experiments with food. He even put pepper in his first batch of fudge. "It was the only batch that ever hardened just right!" he said laughingly.

To help him learn more about his possible profession, Ray took a foods course last summer at Miguel. He has also taken art which he said helps him to prepare attractive meals for lagging appetites.

As president of this year's Pep Club,however, Ray has had less time for his first interest, cooking.

Although he has no specialized field, he enjoys the preparation of desserts most. He experiments with various ideas and has designed his own patterns for Christmas cookies.

"My familie really likes my cooking," Ray said, "and they do give me helpful hints at times."

After graduation Ray plans to enter one of the military services where he hopes to get 14 year olds playing Friday, December 27 and the 12 and unders playing on Saturday, December 28.

This tournament normally attracts more than 300 boys and girls and is open to boys and girls from both sides of the Border and membership in the San Diego County Junior Golf Association is not required and there is no entry fee.

Rancho Bernardo Hosts Pro Tourney

The world's leading pro golfers will assemble Jan 8-12 for the 72-hole tournament, a fixture on the PGA Winter tour. A $5,000 pro-amateur tourney will be held Jan. 8, preceding the main event.

The regular RB par of 72 will be cut for the event to 70 by making par four holes out of the regular par-five fifth and 12th.

PTA Christmas Program

"Children at Christmas" will be the theme for the Spring Valley Elementary School PTA program to be presented Dec. 19 at 7:30 p.m. in the school cafetorium. Flag presentation will be made by the Junior Pastor.

Mr. William Heidbreder, fifth grade teacher, is the program chairman. Children from each grade will participate in the program, which will include the story of "The First Nativity".

The chorus, under the direction of Mrs. Genevieve Prill, will sing Christmas carols. Miss Patricia Sheenhan is the accompanist for the chorus.

Spreckels to Preview "The Cardinal"

The Spreckels Theatre in San Diego has been chosen as one of a limited number of Theatres across the country for the special pre-release showing of the Otto Preminger production 'The Cardinal".

Based on the great best- selling novel by Henry Morton Robinson, "The Cardinal" opens Christmas Day at the Spreckels.

School resumes on Jan. 6.

V.F.W. Appointment

William Black, 2168 McKnight dr., Lemon Grove, has been appointed national aide-de-camp, recruiting class, V.F.W.

In making the announcement of the appointment, Commander-in-chief Joseph J. Lombardo said: "It is an honor for me to extend this appointment to Mr. Black. He has earned this appointment through his own hard work. It is because of the efforts of men such as Black that the Veterans of Foreign Wars of the United States is a growing organization.

College Schedule

Christmas vacation for Grossmont College students will begin Monday, Dec. 23. Classes will resume Monday, Jan. 6.

College clubs are joining in a canned goods drive for Christmas. Food baskets will be given to families selected by college counsellors. A plaque will be awarded to the club collecting the most canned goods.

Cal Western to Meet A.F.

California Western's basketball team will meet the Air Force Academy during a tour of Colorado in 1965.

Al Lewis, athletic director, said the Westerners will play the Falcons Feb. 3, 1965, on a trip that will also include games with Colorado State and Colorado College.

Cal Western will initiate athletic relations with the Air Force Academy this spring in tennis.

Smog Control Stations To Be Established Soon

Work is being done to establish official stations to inspect crankcase smog control devices on cars in the County Air Pollution Control District.

California Highway Patrol Captain R. Gautsche said applications from firms desiring to operate the control device installation and inspection stations are being accepted.

It was announced that it will be five weeks before the official stations can be in operation here.

By the end of 1965 all used passenger cars must have the smog control devices. All commercial vehicles are to have them by the end of 1964.

All used cars sold in the county now must certify that the smog control devices are installed. Until the stations are in operation, affidavits by car owners stating that the devices are installed will be accepted.

It is estimated that it will cost $15 to $18 to install the devices and an annual inspection will run about $1.50.

Don't forget! This newspaper will publish early next week.

Prayers In School Asked

Congressman James B. Utt (R-35th Dist.) has introduced a bill calling for a Constitutional amendment to clarify the recent Supreme Court ruling on prayers in public places. His amendment would permit religious readings and prayers in public schools and institutions on a strictly voluntary basis.

Utt explained that the widely held interpretation of the Supreme Court ruling actually results in enforced atheism in the schools, even though the ruling itself was on specific cases that involved the question of whether the government has the right to compel teachers to conduct prayers or religious readings in the classrooms.

The amendment will have to be favorably acted upon by Congress and then ratified by ¾ of the 50 states within the following seven years before it can become effective.

DAR Award

Lynn Bassham is this year's winner of the Daughters of the American Revolution Good Citizenship Award for Monte Vista High School. All senior girls were given the chance to nominate three candidates, and from these nominations, Lynn was chosen after a final vote from the faculty.

Candidates were nominated on the basis of qualities of dependability, service, leadership, and patriotism for their school, community, and country.

Increases Payouts

The board of directors of Southland Savings and Loan Association, La Mesa, voted to increase the rate of interest paid on savings accounts, John A. Davis, chairman of the board, announced last week.

Davis said that effective January 1, 1964, the interest rate on savings accounts will be increased from 4.8% per annum to 4.85% per annum.

JOURNEY with JILL

THROUGH THE SUBURBS

This is the week for us to convey to you our very best wishes for a MERRY CHRISTMAS and a truly happy holiday.

The pressure is really building up around town, isn't it? Every one is beginning to awaken to the realization that it is ONE WEEK 'TIL CHRISTMAS!!!! If you're anything like I am you'll find last minute shopping and mailing to do and many details converging upon you. So let's not waste time with chit-chat.

Remember STYLES UNLIMITED at 9029 CAMPO ROAD for your **Holiday Hair-do**, be it new and glamorous or the one you've tried and found unwanting. Jan, Lucille, and Yvonne will give you that personal attention we women covet. Phone: 463-5795.

The LEMON GROVE CAMERA SHOP at 7848 BROADWAY want to tell you about the new **Kodak Instamatic 100 Outfit.** This camera practically takes a picture by itself. There is none of this old winding in the film or watching film numbers; and . . . the outfit includes camera, wrist strap, flashguard, flashbulbs, batteries and the film all for one low price. It's a honey . . . I'm getting all kinds of pleasure out of the one I have.

If you are an admirer of artistic floral decorations stop in at the LEMON GROVE FLORIST shop at 7965 BROADWAY and ask to see the wreath they created that won first place at the Southern California Florists' Association Convention held here in San Diego recently. It is unbelievably lovely as are the **centerpieces** they are featuring for the Christmas Season. You'll have a choice of anything from quaint elf figurines to immaculate madonnas displayd in their floral environments . . . I've been in many flower shops and always admire the beauty I find there but this one is truly **the loveliest** one yet. What's more . . . the prices are **reasonable.**

Next week I'll have some exciting New Year Celebrations to tell you about . . . so, till then . . . thanks to our advertisers for your patronage to our new Conversational Advertising Column . . . and thanks to you, friends, for reading it.

Jill

Monte Vista Monarchs Win Two Weekend Ball Games

The Monte Vista High School Monarchs played poor host to the Clairmont Chieftains Friday, December 13, on the Monarch court as they buried the hapless Indians 80-49.

The fact that the game was played on Friday the 13th had no bearing on the tilt as Coach Gillespie's crew completely outclassed the Clairemont club in all departments.

The Monarchs: broke the existing school scoring record of 77 points; netted about everything they shot, giving them four men in double figures; gave warning to the other Grossmont League basketball teams; and singed the hardwoods with their blistering speed.

The following night, Saturday, December 14, the Monarchs pounded out a 66-42 victory over the Kearny Komets at Helix High for their second win of the weekend.

The Monarchs jumped out to early leads of 20-6 at the first quarter and 37-16 at the intermission and were never threatened in the second half.

In the two tilts, Paul Landis led the Monarchy with 44 points. Ron Hammett had 36 points in the two-night stand for the red-hot Spring Valley club. The win upped the Monarchs' season slate to 6 victories against only one loss.

Local Boy Enjoys Hobby That Has a Rub in It

A sophomore at Mount Miguel High School spends most of his leisure time with his first love - a 1930 Chevrolet.

Mike Collier, son of the B. G. Colliers of 7811 Palm st. in Lemon Grove is interested in his production car because "older cars are different. and I like their design."

His blue-and-black 2-door sedan with 58,000 miles on it is called a 'production car' because it was made after 1926. Any car dating back to 1929 belongs in this category.

"For one-and-a-half years I looked around for just such a car. Guess where I found this one? You're right - Lemon Grove!" Mike chuckled.

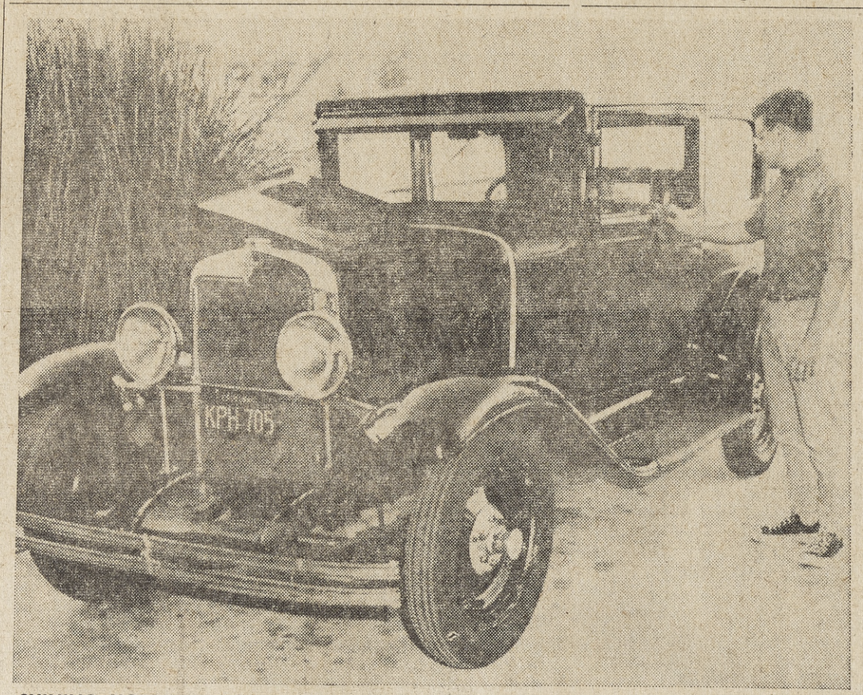
Now the fourth owner of his car, Mike learned that the original owner was a lady in La Jolla who (in Mike's words) "had taken very good care of it." The next owner installed the interior walnut trim and the undercoating.

"Good production models cost anywhere from $200 to $500. Anything above $500 is usually over priced," he emphasized. "Mine," he continued," is an exceptionally clean car, primarily because of the undercoating."

Sometimes Mike and his father work on "rubbing it out" buffing the coats of wax on the body of the car. Although when he first bought the car, he invested $75 for turning the brake drums, installing a new generator and starter, installing side panel upholstery, and rubbing the car out with rubbing compounds, he considers this a small sum for rehabilitation. Plans for the car call for replacement of the present naugahyde upholstery, perhaps with an eye toward preparing the car for exhibit.

Mike remarked wistfully, "It would be fun if enough boys were interested in this to have a club. I have found out that there's a lot of interest in this type of car-much more than I thought!" He added, "People always come up and ask questions when they see us working on the car."

How does he support his love? By working for his father who owns a gas station. When he gets that magical driver's license his expenses will multiply, so money in the bank today means gas in the tank tomorrow.



SHINING HOBBY — Mike Collier, a Mount Miguel High School sophomore, works to bring out a little more luster on his 1930 car. Mike looked for a year and a half for an old car to buy and finally found this one in Lemon Grove. Mike has made many improvements in the car and plans to replace the upholstery later.

Grossmont College Campus Now Under Construction

Construction of the Grossmont College Campus in Fletcher Hills by the Riha Construction Company of La Mesa is now under way, it was announced Monday by Superintendent Harold G. Hughes at a meeting of the Governing Board of the Grossmont Junior College District.

Hughes said that actual on-site campus construction commenced yesterday despite a Superior Court hearing to be held at 2 p.m., December 23, to consider the contention of the Cotton Construction Company and G. L. Cory, Inc., that the contract award to Riha is invalid. In a special meeting held on December 9, the board had re-affirmed its stand, on the advice of the County Counsel, that the Riha contract is "valid and binding."

In response to an inquiry from the San Diego City Planning Department, the board requested that commercial development in undeveloped areas within a half mile radius of the college be restricted.

Casper Seeks Top Laurels In S.D. Open

Billy Casper, the Bonita golf pro, is expected to make a strong bid for victory in the San Diego Open, which will be played Jan. 8-12 at Rancho Bernardo Country Club.

The $30,000 Open will be preceded by a $5,000 pro-amateur tournament Jan. 8, and the 72-hole main event will be held the following four days.

It has been a hard-luck year for Casper, who has been one of pro golf's five or six top players the last few years.

He was in position to win the Las Vegas Tournament of Champions last spring when he hurt a hand while playing the 63rd hole of the 72-hole event. He withdrew, laid off for three months and in his comeback he scored a victory in the Insurance City Open at Hartford, Conn.

Casper has had the following San Diego Open record:

Tied for third in 1957 with 273; tied for second in 1959 with 275; tied for third in '60 with 274, and last year, tied for third with 272.

Monarchs Grab The Title At Kiwanis Wrestling Event

The Monte Vista High School Matmen continued their winning ways at they swept their way through the annual Kiwanis Wrestling Tournament and beat highly-touted Chula Vista in the finals, 28-14. The tourney was held on December 13 and 14 in the Chula Vista Gymnasium.

The Monarchs began their Climb by blitzing Holtville 43-3. Then they humbled Coronado 33-13 to reach semi-finals. In the Semi-windup they continued their momentum by defeating San Diego 33-10.

As did Monte Vista, the Spartans of Chula Vista also overcame their earlier foes with apparent ease. The final match obviously pitted the two top grappling powers of the meet. The Monarchs took the crown by virtue of pins by Jimma Kida, Marty Carlson, and Tom Melega. Monarch Coach Norman Wooten's charges thus gained six extra points to put Chula Vista out in the cold.

Consolation honors went to Grossmont which defeated San Diego 29-16.

Jessie Hall of Grossmont High was voted the Tournament's outstanding wrestler.

Tom Melega, Monarch defending heavyweight champion, has already defeated this year the three boys who placed behind him in last year's California Interscholastic Federation finals.

Handicapped Program For Grossmont School Delayed By High Cost

Action on a proposal for a special clinic for educationally handicapped students at Mount Miguel High School was postponed by the Grossmont Union High School District Governing Board last week after learning that the new state regulations which are to be considered by the State Board of Education would impose additional financial problems upon the High School District budget.

A proposed program costing $12,490 for instructional materials and salaries to staff the clinic had been based upon funds established under A. B. 464 at the last Legislative Session authorizing over $500 per student in excess cost. Under the proposed regulations, indentification of students would be required by teams composed of a psychologist, a physician, and the school principal, and would be limited to students with specific psychological or neurological handicaps. Strict restrictions placed upon the programs under the proposed regulations will prevent many districts from participating.

Boy Scout Troop Forms For Retarded Children

The Mt. Helix Civitan Club is sponsoring an Angles Unaware, East County Chapter for Retarded Children Boy Scout Troop No. 305. The troop was formulated at a meeting of boys and parents earlier this month at the center as part of its center's long range program. The Scout Master will be the center's Director, Burt Johnson. The first meeting was December 18th. This venture will become part of the center's school curiculum.

Permanent meeting date will be decided in January. Registration will be 50c a year and dues 10c a week.

Don't forget! This newspaper will publish early next week. (See page one).

HIGHLANDS SCHOOL HOLIDAY PARTY FEATURES CHORUS

The regular unit meeting of the Highlands Elementary School Parent-Teacher Association is being held Thursday evening at 7:30 in the school cafetorium.

A Christmas program will be presented in two parts; one part features the fifth and sixth grade chorus under the direction of Mrs. Ganderup, and the other will be special numbers presented in the classrooms.

There will be community singing and refreshments will be served.

L.G. PARK ROAD BID GOES TO SIM HARRIS

SAN DIEGO (CNS) — Sim J. Harris Co. was awarded the bid Tuesday by the County Board of Supervisors to construct a road and parking area for the Lemon Grove Park.

Harris' bid of $7,312.48 was the lowest of the eight submitted. The engineer's estimate for the job was $8,680.

TEACHING COUPLE MAKES HABIT OF WORLD TRAVEL

For Ona Elliott, Mount Miguel High School history teacher, and her husband Robert, a teacher at Emerald Junior High, summer vacations spent in foreign countries are becoming old hat.

In 1960 they traveled throughout Europe by car; this last summer, they limited themselves because of the time factor, to flying.

Of the ten countries the couple visited, only Denmark, Italy, and Switzerland were repeats of their 1960 trip.

"The first time we went," the vivacious brunette said, "we saw a great deal, but we didn't have an opportunity to absorb what we were seeing. This time," she continued, "we really could understand and appreciate what we saw. We were more interested in the really historical spots this time."

The Elliotts, in order to make their trips, live in a rented apartment, drive "an old beat-up" car they got in Europe, and spend their money "only for the absolute necessities," according to Ona.

"Because traveling is of such inestimable value to me as a history teacher, we plan to do a lot more of it," she said.

This time they included the Orient in their grand tour, spending 28 days in Japan alone. "Believe it or not," she chuckled, "we won a free night in a ryokan (inn) when, unknowingly, we entered a contest. A newspaper in Tokyo interviewed us along with four other couples." Two were from Europe and two were from Australia.

"We loved it," Mrs. Elliott continued. "We'd like to go back again, especially to the Orient. People were very friendly and helpful. And the food was delicious!"

"One thing that we found true especially in Cambodia and Egypt, was that many people said openly that they were interested in the American dollar, not the American tourist. Believe me, this was a blow," Mrs. Elliott said. She added, "Egypt had more historical interest for us than any other country."

The Elliotts were in Rome at the time of the elevation of Paul VI to the papacy. They also visited Spain, Portugal, Thailand, India and Greece.

They were strongly impressed by the prevalence of poverty throughout the world. "We had to adjust to the sight of so much poverty; it was a real shock. You can read about this," the Miguel teacher said, "but it means nothing until you see it! The concept of fatalism was more prominent in India. I took lots of black-and-white pictures so that there would be plenty of material for me to use in teaching. Last time we took only colored slides and these are difficult to use on bulletin boards."

"People were facinated by us in Hong Kong," she said. In the resettlement areas, entire families are given only a room to live in. They're better off on a hillside! The water shortage was so acute there—just twice a week it was available.

In almost every country they visited, the Elliotts tried to establish connections for future correspondence. A highlight of this experience was their sharing of a traditional dinner with a Japanese professor and his family.

"You know," Mrs Elliott said reflectively, "my interest in traveling really goes back to my ninth grade English-Social Studies teacher, Clara Brown. She had traveled and made a great point of showing her slides to her classes."

"I vowed then that I was going to travel, and I guess you could say I have, couldn't you?" she concluded.
